---

### PROFESSIONAL EXPERIENCE

**Tron Digital** **Sep 2024 - Present**  
**Front End Developer**

Worked on the development of a crypto mining machines company website using modern front-end technologies, improving performance by 15%. Currently engaged in building a car washing and accessories website in React and a custom e-commerce website in WordPress with WooCommerce.

**Tron Academy** **Sep 2024 - Present**  
**Web Development Trainer**

As a web development trainer, I teach students comprehensive WordPress development, including theme customization, plugin integration, and e-commerce setup, along with coding fundamentals for creating dynamic and responsive websites.

**New Dawn IT Solutions** **Feb 2024 - Aug 2024**  
**Junior Front End Developer**

Developed an Intranet portal serving as a comprehensive knowledge base for the organization's employees. This centralized platform provided access to organizational news, announcements, policy documents and a variety of electronic services, ensuring seamless information sharing and efficient workflow within the company
